THE other day a friend gave my wife a recipe for a new Frozen Orange Pudding. We had it last night for dessert.

"This is something new," I said. "Where did you get it?"

"Mae gave me the recipe yesterday. She clipped it from an advertisement.33

My wife didn't read that advertisement. If her friend hadn't read it what a treat we would have missed.

Do YOU road the advertisements? It will pay you many times over to do so. From them you may learn about all sorts of new things. New foods, new ways to use them, new recipes that will add variety to the daily menu-

Right in the advertisements in this paper there-are countless things to interest you, to save you money, to bring you the most value for what you spend. And now as a reward for reading this advertisement here is the recipe that inspired it.

#### THE GOOD INTENT

We are not tuned to perfect things Or flawless days on earth; A false note mans the song life sings, A teardrop stains its mirth.

Our dearest plans can not come true, Our fairest visions fail, And in all things we dream and do Some error must prevail.

And yet, how Godlike is our power To see the good intent, To find in each imperfect hour, The perfect deed we meant!

Sometimes a child's uncertain note is sweeter than the song That, soaring from a singer's throat, Holds rapt a breathless throng,

For perfect things we dare not ask On this imperfect sphere; But through each faulty word or task We read the longing clear! Aline Michaelis

THE things you have to have . . . the necessities of your life will take a goodly share of it. Your object is to so buy these things that your margin for savings, for amusement, and those little luxuries that make life so pleasant, will be increased.

DURING 1931 and 1932 you have learned many a practical lesson in sound buying. You have learned that PRICE without Quality is always a bad bargain. ### TO CAUCUS OR NOT TO CAUCUS

A number of newspapers have criti-cised the holding of, "informal gatherings" for the purpose of the selection of council committees. Here every member of the committees after every member of the city council is on every committee though, of course, the chairmen are different men. In some cities the 'striking' committee method is practised but here the caucus method is practised but here the caucus plan has been worked for a good heavy years. Woodstock Sentinel-Review states that it is not in human nature that a group of aldermen-elect should come to a council inaugural without informal conversations among themselves regarding committees and chairmanhors. "Some undergand. and chairmanships. "Some understand-ings are bound to be reached and not ne ings are bound to be reached and not ne-cessarily adverse to the public interest." BY LOUIS E. MECH, M.D. Fh.D.
Fallong those closes strays.

Gray are the walls wherein she lies, And dull and drear her hours, So breathe to her of tropic skies And rainbow wreaths of flowers.

Tell her how butterfly and bee Along the sunrays wing, And whisper bits of melody The thrushes love to sing.

The room is small where she must rest, The long flours slowly march; Paint her the oriole's swinging nest, And heaven's high, azure arch!

Tell her all these things, crimson buds,
Till she forgets her pain
And, as hope's tide within her floods,
Seeks garden ways again!

## WHITE HYACINTHS

.. to feed the soul

A GREAT department store, one of the largest in the country, pub lished a most unusual advertisement, "Buy something you don't need," it read. And there is a sound and worthy philosophy beneath that seemingly cold and calloused plea . . . a philosophy that has andured for centuries

"If I had two loaves," wrote the Persian poet, Sadi of Shirax, "I would sell one, and buy white hyacinths, to feed my soul." And throughout all history, men have sold their loaves to buy white hyacinths.

We would modify the exhortation of the department store. Buy something you could do without, but something you very much want. . . . The antique chair you've been promising yourself. The new carpeting for the dining-room. . . . . The electric grandfather's

Values were never so great, for the amount expended, as now. You have only to turn to the advertisements in this paper to be convinced. Here is written a story too important for you to miss. And very often you will find you may keep both loaves . . . and have your hyacinths as well.

We can not know them all, These ancestors of ours Who left us, through the long, slow

One gave me truth and trust, One gave me pride and fire, The gitts of one was faith enough To grasp my heart's desire.

Then take this copy of this paper and look carefully through the ads to find the items that you look carefully through the ads to find the items that you meet at the price that fit your budget. . . . has been a source of con-fidence in a period of business uncertainty."

This is the tribute paid a few months ago by an official Am-erican observer writing in "Com-merce Reports," published by the United States Department of Commerce.

The Canadian Bank of Commerce, founded sixty-five years ago in Confederation Year, has ever since consistently followed these conservative methods, which safeguard the savings of its depositors against possibility of loss.

Your attention is invited to the real advantages which a Savings Account offers the thrifty Canad-ian.

Note Book

Here's the secret of

# A sunny disposition

LOOK around at your friends. Isn't it a fact that those who are happy and cheerful are folks who enjoy good health? The two go together.

Poor health reflects itself in your anner to other people. Too often, lack of personality can be traced to constipation. It may cause loss of appetite and energy. Yet it can be overcome by eating a delicious cereal.

Laboratory tests show that Kellogg's ALL-BRAN supplies "bulk" to exereise the intestines, and vitamin B to further aid regularity. The "bulk" in ALL-BRAN is much like that in leafy vegetables. ALL-BRAN also contain twice as much blood-building iron as an equal weight of beef liver.

Special cooking, flavoring and krumbling processes make Kellogg's ALL-BRAN finer, softer, more palatable. You will find it far more pleasant to enjoy a cereal in place of taking patent medicines. So much wiser too.

ALL-BRAN

Two tablespoonfuls daily of ALL-BRAN will overcome most types of constipation. If not relieved this by Kellogg in London, Ontario.

"When you're healthy, you're happy" "How you feel — and how well you look — depends largely upon the food you est.

M. M. Wellogg

Be sure your diet is balanced — with sufficient 'bulk' to promote regularity."

# WILL YOU SHARE

## WITH YOUR MEIGHBORS?

Are you grateful to the God of all good for the many blessings you enjoy, food, clothing, warmth, pleasant home surroundings and freedom from fear of want?

Will you show your gratitude by contributing out of your abundance to the welfare fund of the Belleville Unemployment Relief Committee?

Long and continuous unemployment has brought want and sorrow to a number of homes. Good honest citizens with the will to work but with no work available, and no money to buy clothing, food, or fuel. This is the third winter and savings have long since been exhausted with many. Must the children suffer?

Belleville citizens are generous and those of us who have a little more than we need will gladly share it with those who have nothing. Last year about \$9,000 was raised in Belleville by voluntary subscriptions. This year thus far less than \$2,000 has been subscribed. Many have no doubt overlooked this united opportunity to help their less fortunate neighbors, WILL YOU SHARE? Do it now.

Your subscription will be acknowledged in this newspaper. List of subscriptions already paid in, appears on another page Small or large subscriptions gratefully received. Your relief dollar will be augmented by the Provincial and Dominion

## WITH YOUR MEIGHBORS?

Are you grateful to the God of all good for the many blessings you enjoy, food, clothing, warmth, pleasant home surroundings and freedom from fear of want?

Will you show your gratitude by contributing out of your abundance to the welfare fund of the Belleville Unemployment Relief Committee?

Long and continuous unemployment has brought want and sorrow to a number of homes. Good honest citizens with the will to work but with no work available, and no money to buy clothing, food, or fuel. This is the third winter and savings have long since been exhausted with many. Must the children suffer?

Belleville citizens are generous and those of us who have a little more than we need will gladly share it with those who have nothing. Last year about \$9,000 was raised in Belleville by voluntary subscriptions. This year thus far less than \$2,000 has been subscribed. Many have no doubt overlooked this united opportunity to help their less fortunate neighbors. WILL YOU SHARE?

Your subscription will be acknowledged in this newspaper. List of subscriptions already paid in, appears on another page Small or large subscriptions gratefully received. Your relief dollar will be augmented by the Provincial and Dominion
